

Care Equipment Delivery & Assembly. Fast, trustworthy and affordable.

Let us become your logistics partner!

Introduction

Domestic Distribution provides Care Sector support when people need it most. We provide a delivery and assembly service, where our specialist teams visit the homes of your customers and provide assembly services for items such as reclining chairs and adjustable beds.

Our team has 18 years of experience with hard of hearing or end of life customers, and ensures utmost care and respect, due to the sensitive nature of this service.

Our Services

Secure Delivery

Being specialists in furniture, electrical and white goods, we know how to carefully deliver without risk of damage.

Customer Scheduling

Your customers have the ability to schedule a delivery date. They will be given a 3-hour delivery time slot, which helps if any support groups or carers need to be arranged.

Full Assembly

Delivery is just the start. We provide full assembly of your products in your customers' homes, always taking the sensitivity of the process into consideration.

Disposal

We never leave your customers with unwanted packaging. We're always keeping the environment in mind, so will dispose of waste from beds and chairs sustainably, or preferably donate to local charities.

Next Day / Economy

We offer fast and cost-effective delivery options, including our 2-man delivery for large items and 1-man delivery for smaller items.

Fully-managed Warehouse

We can store your goods in our warehouses spread around the UK, so you can save on your own storage costs.

Testimonial

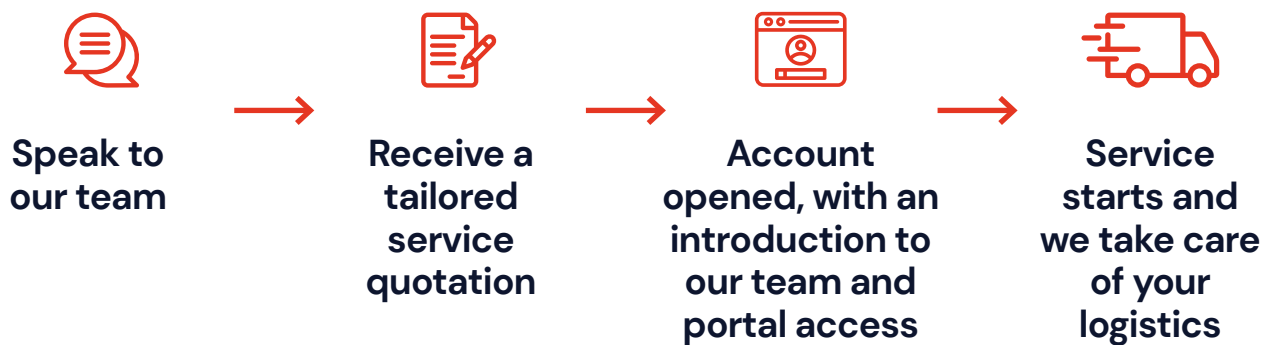

We are committed to our vision of customer service excellence, and we love hearing from our happy clients. Here's an example:

Domestic Distribution have supported our logistics and home delivery requirement for many years and continue to do so, offering a first-class service to our business and customers. Domestic's attention to detail and quality of service is second to none and I would not hesitate in recommending them as your 1 man / 2 man home delivery provider.
